1 Fastandfurious P H is developing well and chasing the third win in a row in the lead. Perfect number but faces also better horses now. Should have top chance again though. 8 Aida Boy has got a long break but is fit for fight again. Has very good capacity and should normally be considered early. 4 Ellie Said That will soon score a victory again. Is nice and has good speed. Is a quick starter and could find the lead despite this number. Interesting task. 3 Go Without I D is not reliable but has good ability. Good place chance.

2 El Paso galloped in the last run but has shown good skills and seems strong. Can do it tough if necessary. 3 Federico Tinghøj is consistent and good and comes from a nice effort. Interesting number. Should not be overlooked. 6 Marilyn found a late opening in the last run but finished strongly to a close victory. Got locked in with energy left in the race before. Might get a defensive trip again. 4 Figaro Juvel galloped in the lead in the last run. Was frightened by the snow on the track and made a mistake. Is better than the latest results show.

7 Elvis Shadow is getting better and better. Reached the front in the last run and won easily. New distance but seems strong. Should always be followed. 1 Czenia was simply the best in the last run and won despite a tough trip. Seems strong and can open fast. Should have a good chance here. 8 Brogård got a defensive trip in the last run and finished really well at the end. Can open fast but will probably get a trip from the back again with this number. 5 Theo Udsen has only run seven races. Is consistent and has good capacity.

4 Cassiopeia did not convince in the last run and should normally win a race like that. Faces nice conditions here and has a good chance to lead this throughout. 7 Raket Brodde is poorly drawn and will find it hard to reach the front here even if he can open really fast. Is in good shape. Possible with the right trip. 5 Baxo Epice has good skills and is on the way up. Is strong and has a couple of runs under his belt now. Should not be overlooked. 2 Alpha Peak has two runs under his belt and is gifted. Could be overlooked here but has to be considered.
