RANK

8 Nikita B.R. was really nice when he won as recently as last Saturday. Tight starts now and a relatively long journey, but considering what the horse has shown, she should have a good chance. The lane is tricky, but the horse has shown that she can do it tough. **1 Zero Hugs'n Kisses** doesn't win very often but is a fast starter and could lead this all the way. **4 Id Diamant** is doing well and possible with the right journey. **10 Secondstartotheright** did alright in the last race a bit behind the leader. Early choice in case of over-pace.

RANK

12 Thess Imas is a real winning machine with eleven victories in 15 starts. Not at his best in the last two starts, but he has taken a break before this one and even though the lane is boring he is going down a bit in class now. Has to be considered early. **8 Drageløperen** is not reliable, but has very good speed for this class. Interesting barefoot and with an American bike. **10 Sørstormen Ø.K.** competes barefoot and with an American bike. Early choice without a mistake. **11 Ove** galloped as a favorite last time. Revenge now?

RACE 6 — V65-3 — Volt 2300

1 Nero B.R. returns after a long layoff and the form is of course hard to predict, but here the horse has a very nice task. Has been matched in good company most of his life and done well. Still hasn't earned a lot of money. Perfect conditions. Top chance. **12 Moni Hall** is capable and will compete barefoot straight after the layoff. Tom Erik Solberg is the driver. **3 Messi B.R.** has two wins in a row. **4 Amagayo E.** has been consistent and good. Possible behind our pick.

RACE 7 — V65-4 — Auto 1800

9 Bleke Best was fantastic when he won in Sweden in the last race. If he repeats that effort he will be very hard to beat. Barefoot again is a clear advantage, but the horse is not completely reliable. **7 General Japp** has very nice speed. Has won most of the times when avoiding a mistake and will now race barefoot. Interesting challenger. **3 Kolbu Julian** is an early contender for the lead and from there he is possible too. **11 Norbalder** has good capacity.

1 Clodrique is capable and very good for this class. Tricky lane as he hasn't opened very fast so far. However, with the right journey, he should have a good chance of passing all opponents at the end. **11 Laureen B.R.** scored a good win in the last race and competes barefoot. Poor starting position. **9 Pepite Papillon** is very capable and should not be forgotten. **6 Hush** is a contender for the lead.

6 Jealous Rain has won twelve out of 27 starts, which is of course awesome. Really good as third in a tougher field than this. However, she needs to improve a bit as she is not the fastest from the start. **10 Moni U.S.A.** is tough and strong. Hasn't started for a while but will be compete with maximum equipment straight away. **7 Duflot** wins very often and usually reaches a good position as he is quick from the start. **9 Nobby Stiles Boko** is a contender too in case of over-pace.
