7 Heikei faced the best three-year-old fillies in Norway last year and qualified, among other things, for the Norwegian Derby. Good seasonal debut in the last run - our choice despite this number. 8 Maggan Jade finished strongly to third on Bjerke. Poor number but she is an early challenger with the right journey. 5 Isla Vanilla has won four out of nine starts so far. Got a trip outside the leader in the final lap in the last run and held on strongly. 3 Mustang Valley got the opening 100 meters from the finish line in the last run and finished strongly. A potential surprise with a similar run.

4 Kraftwerk made four starts as a three-year-old without success. Returning now after a break and testing the starting gate for the first time - our pick. 1 Jonathan T.T. is not reliable, but when he's trotting well, he has decent speed for this class. Should be watched if he stays faultless here. 9 Grand Velocity is approaching his first win. Never got the chance from behind the leader in the last run - an early consideration now. 3 Fanny Invalley had a mixed performance as a three-year-old. Good starting position in her seasonal debut and should not be forgotten with a good trip."

4 Noble Tile is consistently performing well every time. Put in a good effort to finish second in the last run and now we believe it's time for a win with this nice number. 1 Dreamliner competed in the same race as the favorite in the last run and never got a chance at the end behind tired horses. Better than the form suggests. 10 Justice Rhyme ran well the last time he visited Momarken, finishing second. Can defeat many opponents with the right run from this number in the second line. 8 Ad Maiora Gar drops slightly in class compared to the start at Solvalla in the last run. Normally good enough with the right journey.

8 First in Line E.P. was last seen in a long-distance race during the V75-day on Momarken. Got stuck with saved energy between horses and provided a strong indication of form. Our pick despite this draw. 10 Ottens Idol was a disappointment in the last run as a heavily backed favorite and can do much better than that. Normally, he can defeat many opponents here. 4 Difficult Ways maintained a good speed to finish fourth in the last run after a break. Should normally be improved by that run under his belt. 1 Logical Mystic is making his seasonal debut. Has a good stalking position and can finish in the top three with the right journey.
