2 I'monthephoto is a Danish horse with three straight wins. Has now taken two victories on today's track and seems in top form. Excellent draw and our winner. **11 T.N.X.** was second in the last race at this track and beat several of today's opponents. Has a poor number now but run under his belt and should be considered early. **4 Special Toy** has made one start after a very long layoff. He finished fourth behind T.N.X. among others but is certainly improved now and has a good lane. **10 Creme de la Creme** didn't compete last year but has three runs under his belt and should be on the way up. Probably one of the better horses in this race.

2 G.G. Sin has won half of his six races this year and done really well. Is in good form and has got an excellent lane. Our winner. **5 Eldbrand** is Tom Erga's choice out of four horses in this race. He took a close win at this track in early January and has been second from the lead towards the end. **8 Stilige Odin** is a stable companion to Eldbrand. Wins quite often and was fourth from the outside of the leader in the last race. Driven this time by Atle Erga. **11 Alm Mostar** has started really well this season. Not entirely reliable but an early choice if he avoids a mistake.

3 Firedup did well last season and has been really consistent at the end. Has a nice lane and gets our pick. **4 Vicious** is an early challenger. He won from the lead in the last race and will probably want to go there again. Good chance in that case. **10 Intello de Corday** is better than the latest results show and won seven races last season. A bit tricky number but possible with the right trip. **12 Rubino** won a big race last time and beat several of today's competitors. He has a very bad draw this time but should not be discounted.

2 Kringelandkyro has won seven out of 25 races and is clearly better than the latest results show. In the last race the horse got locked in from the pocket. Good draw and it could be his turn now. **11 Idu Bork** is probably one of the best horses in this race but comes with a couple of poor results. Earned more than half a million SEK last year and is now coming back after a layoff. Early choice. **7 Vill Solen** faces also nice conditions money-wise in this race. Kept up the pace well as fourth in the last race and is possible in this field. **10 Lykkje Proffen** took two wins in a row at this track in January. Was sixth after a tough journey in the last race. Has to be considered but needs a bit of racing luck from here.

7 Malabar Sun has started brilliantly this season. Got locked in with energy left in a big race last time and is looking for revenge now. Good chance. **6 High Performance** took two wins in a row at this track in January. Finished quickly as third two starts back. Is really good for this company and should be considered early. **8 Hello** won seven out of 17 races last year. Has shown very good form towards the end and probably had some energy left in the last race as fourth. Poor lane but an early choice nonetheless. **10 Gautut Gardenia** won four of twelve races last year and has been consistent and good at the end without winning. Could be dangerous if the pace gets high.

8 Komnes Huldra is our pick in this very open race. She won from the outside of the leader in the last race and showed good strength. **14 Hage Balder** sprinted to victory in the last race which was well deserved after several good efforts. Tricky number but should be considered early in this field. **9 Kom Konge** has been consistent and good towards the end and met quite good opposition. With the right journey he is one of several candidates for victory. **11 Odspika** won very easily at the end of January and comes from two good second places. He is also an early choice in this tricky race.
