3 Fat Rabbit had not race for almost eight months before the last seasonal debut. Came back well after an early mistake then. Certainly improved now. Our winner. 8 I can Steel has not started since October. Is strong and will fight for victory directly. 1 Global Weather had not started for a very long time before the last run. Interesting number now and could lead this for a long while. 5 Amore Passo V.W. has not started for a year. Debut for a new trainer and should be considered directly.

7 Ingfaxen won the last time he visited Romme a couple of weeks ago. Showed then that he stands the long distance. He is our pick again. 2 Eik Best is an early choice too. The four-year-old made a short mistake with 100 meter to go in the last run probably on the way to victory. 11 Amarin has not raced for a couple of months. Was second after a nice final lap in the seasonal debut two starts back and will defeat many opponents here with the right trip. 6 Lova Lux gave up in the lead in the last run but put in a good effort. Outsider here.

9 Notice'em won the seasonal debut in the lead. She is the best horse in this field but this number in the second line is always a bit tricky. 3 Perfect Score Ås is interesting in this comeback. He has not raced since October 2021 but this number and distance suits him well. 1 Tarpon Springs galloped in the first turn heavily backed in the last run. Tricky number since he will find it hard to reach the front. Early contender with the right trip. 11 Topping Artist has won four out of eight starts so far. Did not impress in the seasonal debut. Outsider.

6 Invisible Sun is our pick here. He has won two out of three starts for the new trainer and two starts back on Solvalla he got interfered fighting for the lead. Good chance. 5 Noble De La Vallee was not at his best in the last run but had not raced for a couple of months then. Is strong and can normally do it tough. 10 Coffey does not like to race behind horses so this number is tricky. Is good enough to be in the mix. 2 Don't Disturb was second in the last run and improved a lot. Will soon score the first win of the year.

13 Mellby Kaliber had energy left at the end after an early mistake in the last run. Is driven by Magnus Djuse this time. Our pick in a tricky race. 1 Espadrillos found the lead in the last seasonal debut but gave it away. Might be driven in the front this time. Early contender. 4 Hardox has started this year with three second spots. However he seems to have the right attitude. Possible if he handles this number. 10 Battuta Face did not trot perfectly in the last run. Finished well though when he trotted better.

4 Javeline is our pick in this open race for fillies and mares. She was brave from outside the leader during the final lap two starts back. 1 Ninepoints Birdie scored two nice wins in a row for the new trainer last autumn. She has not raced since December now but has to be considered directly. 2 Solöns Skrammel did not impress in the seasonal debut on March 25 and got a new pause after that. Put in several good performances as a three-year-old last season. 7 Yuvraj has started twice after the winter break and should be on the way up. Has to be considered early.
