4 Hulte Madeleine has only started six times but has managed to get some good results. She is making her debut behind the gate and is our pick over the short distance. **1 Skogs Pärla** has a chance to take the lead and if she gets there she will probably be driven in that position. Dangerous in that case. **5 Artelina** has two runs under her belt and should not be discounted. **9 Realsbo Wilja** has a nice lane for a defensive trip.

3 Litas Bork has convinced a lot and is still undefeated. Not a very quick starter, but he has shown that he can do it tough and should have a nice chance of winning regardless of the trip. **2 GG Xtrem** and **4 Ängsrask** are early challenger. Both are expected to be in front from good lanes and over short distance they should be considered early. **5 Davidson RF** has not won yet but been consistent and good.

7 Hertiginnan Stöen is a very quick starter but she has a 20 meter advantage towards many of the main rivals. Normally she has a good chance of winning. **6 Brenne Viktoria** comes in top form. Is working well and if she avoids a mistake she could challenge our pick. **1 Bäcklös Tili** is fast from the start and our pick to take the lead. From there and with an American bike she should not be overlooked. **3 Björger** is good for this class and can open fast.

Good chance to win. **1 Lundåsens Teknik** is in good form. Nice lane and from the lead he will not be easy to defeat. **2 Guli Em** is fast and should be considered from the lead or the pocket. **5 Komnes Omer** is matched against tough horses.

5 Oppgårdsträngen passed all opponents and convinced in the last race. Nice task again and regardless of the journey of the race he should have a good chance here. **1 B.W.Sture** found the lead in the last race but gave up at the end. The short distance is a plus and over these conditions he is a strong challenger to the favorite. **8 Grislefaksen G.L.** was clearly improved in Finland last time out. **4 Holter Odin** can do better than shown last time.

4 Fia Med Knuff has always shown good speed, but she is not always reliable. Nice task now and without a mistake she should find an early lead. Needs some racing luck though. **1 Järvsö Britt** could run a 28-time over this distance and could be in the mix then.
