5 Warhol comes from a strong effort and looks to be in good form. Good chance to score a second straight win. **3 Fabulous Boy** should have done better in the last race. He was good the previous time when he finished third in a V85 final and is normally in the fight for victory. **2 Nils Zonett** won easily from the lead last time and prefers to compete in that position. Has to be considered if he gets there. **8 Timeless Sunset** likes this time of year and has taken six wins. He benefits from high pace as he always finishes strongly.

2 Gladiator has not started since September. Won directly after a break in June so normally he should be able to put in a good performance straight away. Good chances of winning. **11 Give Me Lagavulin** got defeated just before the finish in the last race. It was his first start in three months and he will probably be improved now. **6 Hearsay** comes back after a break and the form is a bit hard to predict. Normally he will be in the fight for victory. **3 L'avenir Y.** came back well after the last gallop. He owns good speed, but is not reliable. In the mix without a mistake.

5 Full Speed Forward is fast behind the gate and the mare will go for the front where she has won six out of seven races. Good chance to lead this throughout. **3 A Last Chance** has looked nice of late and with a similar performance now she is the main challenger. **7 Exklusiva Liss** did well in the last race, finishing second. The mare has shown skills and should be considered early. **2 Önas Tindra** is fast with the right defensive journey and if the pace is high she has to be followed here.

4 O.P.'s Sam has shown the right attitude so far. With the right start, he really is the horse to beat. **2 Nando Boko** is a quick starter and the close favorite for the lead. If he is allowed to dictate the pace, it could be to be good enough for victory. **1 Almond Remix** has won three of the last four starts. Opens quite fast and could be in the mix. **11 R.K.Dynamit** is normally good for this type of race, but he needs a bit of racing luck from this starting position.

10 V.Viking comes with two straight wins and is in top form. Is undefeated after two starts with Mats E Djuse and should have a good chance to score another victory. **3 Jonases Ninja** also has double wins in the last few races and looks to be in fine shape. Should be considered early with the right trip. **11 Teknologen** galloped still fighting for victory in the last race won by V.Viking. Owns high capacity and is possible without a mistake. **6 Vejmo Martin** did well in the last race after a gallop. A speedy horse who should not be underestimated.

5 Funny Guy didn't convince in the last race. He easily won a V85 race before that and if he is as good now he should have top chance to win here. **9 Roosevelt** fought back strongly to win in the last race. Has looked nice in two starts for the new trainer and is good enough to be in the fight for victory again. **2 Tulinas Eddie** is consistent and reliable. Doesn't win very often but should not be overlooked. **3 What A Magic** maintains her nice form and should not be underestimated from this good starting position.
