3 Inter won four of 14 races last year and was really good. Now coming back after a layoff and making seasonal debut but has to be considered very early if well prepared. **2 Gurli Tinghøj** is very exciting here for Flemming Jensen. Didn't compete at all last year but has set a low 17-time in a qualifier. Faces good conditions as a filly and has an excellent lane. **5 Innocence** faces also nice conditions money-wise and took a surprising win with today's driver at this track in February. Possible again. **6 Fraja Ice** does not win often but has been quite consistent and good at the end and could score a place.

5 Bette Knock faces good conditions money-wise and won at this track in January. Early choice with the right journey. **4 Isotope d' Am** did not win a race in 16 starts last year but has shown very good form of late and should be considered early in this race as well. **9 Generalen** will probably be heavily backed together with Flemming Jensen. He has got a run under his belt and should be on the way up. Early pick despite this 20 meter handicap. **10 Fritjof SH** comes from several good results. He faces nice conditions money-wise and can also win with the right trip from behind.

3 Lady Zola faces tough conditions money-wise but has won three of seven races so far and looks promising. She won last time at this track but has got a long layoff. **5 Knock On Wood** is trained and driven by Flemming Jensen and much better than the latest results show. Won three races last year and is a very early choice in this field. **2 Kimibi Kini** won four races last year and earned the most money. Makes his seasonal debut here but has got an excellent lane and should be considered behind our top duo. **6 Kiki Sotto** won from the lead with Jeppe Juel two starts back at Charlottenlund and should not be overlooked here with a similar effort.

9 Kong Arthur galloped as a favorite in the last race but won two starts back with today's driver Jeppe Rask. Has done well so far and is our pick. **12 Indian Summer** started with two wins and two second places but never had a chance as a favorite last time. Flemming Jensen is driving again now and they should be considered early despite this number. **10 Lärke D** has only one win in 17 starts but seems in brilliant form and should not be discounted. **8 Lumiere** has a poor number but he has started well and took a surprising win at this track two starts back. He should not be forgotten again.
